WHY TRODAT?

Trodat may have been founded in Austria, but it hasn't let national boundaries stop it. Today, the Trodat Trotec group encompasses more than 35 international subsidiaries, with more than 1,500 employees worldwide. Since its humble beginnings in 1912 Trodat has grown substantially over the years becoming the world's market leader in self-inking stamps as well as dominating the laser engraving, marking, and cutting market with its sister company Trotec.

Trodat UK are key players in the stamp market providing both stock titled stamps, customisable stamps and engraved products to wholesalers, rubber stamp manufacturers and end-users throughout the UK. Trodat prides itself on its product offering, customer service and its ability to offer bespoke solutions to its customer base.

RUBBER STAMP MANUFACTURERS

RESELLERS

"Trodat are probably the best makers of stamps worldwide. The stamps are made from quality materials that last and last. Trodat have been with us on our 33 year journey of stamp making from the start, that in itself shows the level of service they offer."

- Paul Barker, Make Your Mark RS Ltd.

END-USERS

NO MATTER WHERE YOU ARE IN THE STAMP ORDERING PROCESS, TRODAT WILL ALWAYS MAKE A LASTING IMPRESSION.

TRODAT BESTSELLERS CLIMATE-NEUTRAL. AS STANDARD.

After the overwhelming success of the Original Printy 4.0, Trodat has extended its range of products which offer climate neutrality as standard, thus maximising the positive impact on the environment. Since 2013, Trodat produces more than 70 of its best-selling products with the maximum, technically possible content of pre- & post-consumer recycled plastic to reduce their CO₂ footprint.

Only in the last step, the remaining, inevitable CO₂ footprint of these products is offset by investing in Gold Standard climate protection projects recommended by the WWF[®]. As a result, Trodat offers its best-selling products climate-neutral, as standard!

FOR OUR ENVIRONMENT THE AUSTRIAN ECOLABEL

The Austrian environmental quality label for products represents extensive criteria:

- Quality, usability, durability
- Health and safety for users
- Environment (ecological criteria)

More than 80 guidelines with binding criteria form the basis for the certification of a product. They are created with the involvement of environmental and technical experts and revised every four years. The "life cycle approach" is used: products, including packaging, information and service, are considered throughout their entire life cycle, from raw material production to disposal.

We are pleased that we were able to attain the Austrian ecolabel for more than 80 Trodat products in October 2018.

The following products have been awarded the Austrian Ecolabel: (Except for products with blue and violet inks, with Multi Colour Impression inks and in blister packs)

- + Variety of colour. Include any of the 15 available colours for your impression design.

MULTI COLOUR SPECTRUM

MULTI COLOR IMPRESSION

THE WAY IT WORKS

TAILORMADE

Individual colour and design requirements are a Multi Colour Impression specialty. The text and logo fields can be arranged as required.

The resulting fields in the ink cartridge are then inked automatically with the selected colours.

PRECISION

The laser cuts the ink cartridge with precision and seals the colour fields at the same time. This prevents the contamination of each of the individual colour fields.

QUALITY

The Multi Colour Jet inks each of the individual colour fields with the optimum amount of ink. The result is a set of clean impressions to the usual Trodat level of quality.*

*Cartridges can also be inked manually.

MULTI Colour JET 15 colour reservoirs, each contains 150 ml Lote

TRODAT MULTI COLOUR TECHNOLOGY

MULTI COLOUR INK CARTRIDGE

- > Minimum distance between colour fields is 2.5 mm
- > Minimum size of the colour field is 7 x 7 mm
- > Gradients or blended colours are not possible

MORE POSSIBILITIES. MORE COLOUR. MORE SUCCESS.

With Multi Colour Impression, endless stamp designs are possible. Enhance the impression's appearance by choosing one or more colours from the wide Multi Colour spectrum instead of the standard black pad.

A WIN FOR OFFICES EVERYWHERE!

It is not only the outstanding product features that make the Trodat **Professional™** 4.0 convincing but the product design as well. We are proud that the Professional 5460 has received the coveted Red Dot Design Award 2018. Designers and manufacturers from 59 nations submitted more than 6,300 items to the 2018 Red Dot competition, one of the biggest design competitions in the world.

TRODAT IMPRESSOR PRE-INKED TEXT STAMPS

Trodat's Impressor pre-inked stamps produce print-like impressions of text or logos. They are available in 16 different sizes delivering a range of small to large imprints. They are ideally suited for small businesses looking to stamp their business details or special promotions.

These pre-inked stamps contain the ink in the printing material of the stamp, which renders a separate ink pad unnecessary. All stamps are available with single-colour ink containing either black, blue, red, green or violet ink.

ECLIPSE RUBBER STAMPS AND DIE PLATE DATERS

Trodat Eclipse Rubber and Die Plate Dater stamps are made using traditional rubber which allows for a clear, crisp imprint. They are customised to your specification and require a separate ink pad. Eclipse rubber stamps are manufactured with durable plastic which makes them hardwearing and perfect for prolonged use.

Die Plate Dater stamps combine a changeable date with your logo/text. The date is central in each stamp making it clearly noticeable and a focal point of your design. Standard stamp pad colours are available in: black, blue, green, red or violet.

TRODAT PRINTY FOR OFFICE APPLICATIONS

The stamps from the Printy range are available as pre-set text stamps that are ideal for office use. They feature words or phrases commonly used on office paperwork such as invoices, delivery notes, purchase orders and many more. These stamps will help save time on daily tasks and streamline workflows. Also available within the Printy range are date stamps which feature easily adjustable date bands with 12 consecutive years and a day-month-year format.

The pre-set text stamps' images are available in two different formats, one format features a word often used in office work and the other displays a word alongside the date which is easily adjusted. Being part of the Printy range, these stamps have the same advantages as other Printy stamps such as being small and lightweight, self-inking, climate neutral and featuring a clean ink cartridge change.

3-IN-1 OFFICE STAMP STACKS

Trodat's 3-in-1 Office Stamp Stack is an ideal desk essential. Three stamps are stacked together to form one handy tool, each featuring a word commonly used on office paperwork. Four different stamp stacks are available and for each one, words that are used in a common context, such as in accounts or for mail, were chosen. The stamps are pre-inked, so no additional ink pads are needed.

LABEL CLOTHES & TEXTILES FAST AND EFFICIENTLY

Trodat's clothing markers are the ideal essential for anyone who needs to label clothes or other textiles for schools, nursing homes, hospitals, hotels or even the military. Names of patients, pupils, hospital wards, hotels or any other label can easily be stamped onto the fabric which allows easy identification and allocation of the clothing item to the right place.

The stamps are non-toxic, easy to use and last through washes of up to 90°C. Both stamps come with a strip of non-woven fabric that can be stamped and ironed onto dark fabrics on which the stamps wouldn't show otherwise.

Both stamps are part of Trodat's Printy range and feature the range's benefits, including being small and lightweight as well as climate-neutral.

STAMP PADS & INKS

Trodat supplies a complete range of standard and gel ink stamp pads to suit all requirements.

MICRO GEL STAMP PADS - THE PREMIUM STAMP PAD

Micro Gel Stamp Pads are made with a unique pre-inked microporous material, to ensure a professional impression. Will not dry out easily, even if left open. Contains enough ink for years of normal use. No re-inking required. Secure snap-close plastic box.

Regular - 110 x 70mm

- available in 5 colours; black, blue, red, green and violet

Large - **127 x 88mm**

- available in 5 colours; black, blue, red, green and violet

STANDARD STAMP PADS

Quality ink ensures the maximum number of impressions before re-inking of the felt material is necessary. Re-ink with Dormy Stamp Pad ink.
